Art Unit: 1651

A request for continued examination under 37 CFR 1.114, including the fee set forth in 37 CFR 1.17(e), was filed in this application after final rejection. Since this application is eligible for continued examination under 37 CFR 1.114, and the fee set forth in 37 CFR 1.17(e) has been timely paid, the finality of the previous Office action has been withdrawn pursuant to 37 CFR 1.114. Applicant's submission filed on 11/13/03 has been entered.

Claims 15-17, 22-23, 29-30 and 36-40 are being examined on the merits.

Claim Rejections - 35 USC § 112

The following is a quotation of the first paragraph of 35 U.S.C. 112:

The specification shall contain a written description of the invention, and of the manner and process of making and using it, in such full, clear, concise, and exact terms as to enable any person skilled in the art to which it pertains, or with which it is most nearly connected, to make and use the same and shall set forth the best mode contemplated by the inventor of carrying out his invention.

Claims 15-17, 22-23, 29-30 and 36-40 are rejected under 35 U.S.C. 112, first paragraph, as containing subject matter which was not described in the specification in such a way as to reasonably convey to one skilled in the relevant art that the inventor(s), at the time the application was filed, had possession of the claimed invention.

No basis or support is found in the present specification for the amendment in claim 38 to the use of "400 mL/day of oatmeal gruel comprising at least 5×10^7 CFU/ml" as now claimed. The specification at page 3, lines 33-34 pertains to the treatment of chronic inflammatory or proinflammatory diseases, induced by different bacteria, such as *Chlamydia pneumoniae* and *Helicobacter pylori*, or toxic substances, such as nicotine, with Pro Viva, a rose-hip drink containing oats fermented with *Lactobacillus plantarum* DSM 9843 (5×10^7 CFU/ml) in an amount of 400 ml/d. There is no clear indication that the rose-hip drink mentioned "containing oats fermented with *Lactobacillus plantarum* DSM 9843" properly constitutes "an oatmeal gruel". The dictionary definition of "gruel" is "thin watery porridge". (*The American Heritage® Dictionary of the English Language, Fourth Edition*. Copyright © 2000).

No claim is allowed.
